## Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Burton Amernick on May 20, 2003.

The application has been amended as follows:

- ✓ In claim 37, on line 7, "non-animal" was deleted and replaced with ---animal---
- ✓ Claims 36 and 42-52 were cancelled without prejudice.

### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Upon a review of the rationale set forth in the Appeal Brief, the Examiner came to the conclusion that the rejections were untenable for the reasons set forth therein. In particular, on page 9, lines 16 to 18 of the amendment filed January 30, 2003 and on page 4, lines 9 to 11 of the Appeal Brief filed April 28, 2003, Appellant argued that the material of Ron (US 5,597,897) does not constitute a gel as defined by Hawley's Condensed Chemical Dictionary. Appellant defined a gel as "a colloid in which a disperse phase has combined with the continuous phase to produce a jelly-like product." The Examiner asserts that Appellant has estopped himself from any other definition by this argument. Therefore, since Ron does not clearly disclose that the mixture disclosed has all the properties of a gel as set forth in Appellant's definition

Art Unit: 3738

thereof, the Examiner posits that Ron fails to anticipate or render obvious the present claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul Prebilic whose telephone number is (703) 308-2905. The examiner can normally be reached on Monday-Thursday from 6:30 AM to 5:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Corrine McDermott, can be reached on (703) 308-2111. The fax phone number for this Technology Center is (703) 872-9302.

Any inquiry of a general nature or relating to the status of this application should be directed to the Technology Center 3700 receptionist whose telephone number is (703) 308-0858.
